

The Safety Scan Song

Teacher (hands on hips, big smile)

Before we play, before we run,
let's do a safety scan! How fun!

Teacher and kids (point to the sky)

Look up high!

Teacher

See the power lines up across the sky!

Teacher and kids (point to the ground)

Look down low!

Teacher

Watch out for cords and outlets where you go!

Teacher and kids (slow spin with arms out like an airplane)

Look all around!

Teacher

To stay safe and sound – look round and round!

Teacher and kids (clap twice, thumbs up)

We looked up! We looked down! We looked all around today!

Safety first! Now we can play!
